Dear Colleague:

Kentucky's public higher education system is made up of 8 universities and 14 community colleges. A separate board governs each university, with the community college system as a part of the University of Kentucky. This publication includes data for the public institutions as well as independent colleges and universities, bible colleges, and seminaries that are licensed by the CHE or are members of the Association of Independent Kentucky Colleges and Universities.

The CHE serves as the coordinating agency for the public institutions. As such, it is the CHE's responsibility to engage in analysis and research to determine the overall needs of higher education in the Commonwealth. This responsibility is made possible by a comprehensive data base collected and maintained by CHE staff.

This ten-year *Information Digest* contains a collection of statistical data and facts collected by the CHE, and is designed as a reference tool for those with an interest in, or a need for, information on higher education. The selection of material for this volume has been based on requests most frequently made of CHE staff, and may be utilized to complement three other annual Council publications: *Kentucky College and University Enrollments*, *Kentucky College and University Origin of Enrollments*, and *Kentucky College and University Degrees and Other Formal Awards*.

Sincerely,

Gary S. Cox
Executive Director

Private contracts include those funds received for which specific goods and services must be provided to the funder as a stipulation for receipt of the funds. This category includes all unrestricted gifts, grants, and bequests as well as all restricted gifts, grants, and contracts to the extent that revenues received are expended in the year received.

Subject to these conditions, it includes funds budgeted or expended for individual and/or project research as well as those of institutes and research centers. Funds for departmental research that are separately budgeted specifically for research are included in this category.

***Sales and Services of Auxiliary Enterprises/Hospitals*** - Includes all revenues, including funds assigned to debt service generated by the auxiliary enterprise and/or hospital operations. Hospital revenue is net of discounts, allowances, and provision for doubtful accounts and does not include revenues for research and other specific purpose gifts, grants, and endowment income restricted to the hospital.

***Secretarial/Clerical*** - All persons whose assignments typically are associated with clerical activities or are specifically secretarial in nature. Included are personnel who are responsible for internal and external communications, recording and retrieval of data (other than computer programmers) and/or information and other paper work required in an office, such as bookkeepers, stenographers, clerk typists, office machine operators, statistical clerks, payroll clerks, etc. Also included are sales clerks such as those employed full-time in the bookstore, and library clerks who are not recognized as librarians.

***Service/Maintenance*** - Persons whose assignments require limited degrees of previously acquired skills and knowledge and in which workers perform duties which result in or contribute to the comfort, convenience, and hygiene of personnel and the student body or which contribute to the upkeep and care of buildings, facilities, or grounds of the institutional property. Included in this category are chauffeurs, laundry and dry cleaning operators, cafeteria and restaurant workers, truck drivers, bus drivers, garage laborers, custodial personnel, gardeners and groundskeepers, refuse collectors, construction laborers, and security personnel.

***Scholarships and Fellowships*** - Includes funds budgeted or expended for scholarships and fellowships in the form of outright grants to students selected by the institution and financed from current funds, restricted or unrestricted. Also includes trainee stipends, prizes, and awards, except trainee stipends awarded to individuals who are not enrolled in formal coursework, which are charged to instruction, research or public service, as appropriate. Aid to students in the form of tuition or fee remissions is included in this category.

***Skilled Craft*** - Persons whose assignments typically require special manual skills and a thorough and comprehensive knowledge of the processes involved in the work, acquired through on-the-job training and experience or through apprenticeship or other formal training programs. Included in this category are mechanics and repairers, electricians, stationary engineers, skilled machinists, carpenters, compositors and typesetters, and upholsterers.

***Specialist's Degree*** - Degree in specific disciplines requiring work beyond the master's degree.

***State General Fund*** - Includes all restricted and unrestricted funds appropriated to an institution by the General Assembly which are to be expended for current operations.

***Student Services*** - Includes funds budgeted or expended for those activities whose primary purpose is to contribute to the student's intellectual, cultural, and social development outside the context of the formal instruction program. This category includes subcategories for student services administration, social and cultural development, counseling and career guidance, financial aid administration, student admission, student records, student health services, and intercollegiate athletics. Intercollegiate Athletics is categorized as a student services "educational and general" expenditure unless it is operating as a self-supporting activity and, therefore, reported as an auxiliary enterprise operation. Examples of intercollegiate athletics expenditures are salaries of coaches and trainers, officiating, travel, grants-inaid, ticket sales, and advertising. Excluded from intercollegiate athletics are those activities that relate to intramural athletics and to student financial aid.

***Technical/Paraprofessional*** - Persons whose assignments require specialized knowledge or skills which may be acquired through experience or academic work such as is offered in many two-year technical institutes, junior colleges, or through equivalent on-the-job training. Included in this category are computer programmers and operators, drafters, engineering aides, junior engineers, mathematical aides, licensed practical or vocational nurses, dietitians, photographers, radio operators, scientific assistants, technical illustrators, technicians (medical, dental, electronic, physical sciences), and similar occupational-activity categories but which are institutionally defined as technical assignments. Also included are persons who perform some of the duties of a professional or technician in a supportive role, which usually require less formal training and/or experience normally required for professional technical status. Such positions may fall within an identified pattern of staff development and promotion under a "New Careers" concept.

***Tenure*** - Status of a personnel position, or a person occupying a position or occupation, with respect to performance or position.

***Tenure Track*** - Positions that lead to consideration for tenure.

***Tuition and Fees*** - Includes all charges (net of refunds) against students for educational and general purposes. Charges for room, board, and other services rendered by auxiliary enterprises are not included in this category, but are classified as auxiliary enterprises revenue.

***Undergraduate Student*** - A student enrolled in a four-year or five-year baccalaureate degree program, in an associate degree program, or in a vocational or technical program below the baccalaureate.

Notes:

- Graduate data include Doctoral students.
- First-Professional data include House Staff.
- Calculations may not add due to rounding.
- Formula for calculating full-time equivalent enrollment: (undergraduate student credit hours divided by 15) + (graduate student credit hours divided by 12) + (law student credit hours divided by 14) + headcount of other first-professional students + headcount of post-doctoral students + headcount of doctoral dissertation students + headcount of house staff.
